CARE AND CLEANING GUIDE

Pattern: **Verve II**

Prompt cleaning is always recommended. Ordinary dirt and stains can be removed with mild soap and water. Rinse the cleaned area with water and wipe dry with a clean cloth immediately after cleaning agent is left to sit on the material for a period of time, as it may leave a white residue, which can be wiped off with a damp cloth. The material should be wiped multiple times until the residue is removed.

Recommended cleaning steps are listed by type of stain.

<i>Regular Cleaning and Maintenance</i> Clean the soiled area with mild soap and water, then rinse with fresh water and wipe dry with a clean cloth.	Dirt Dust Grime
<i>Food Stains / Oils</i> Wipe affected area with a soft cloth or soft bristle brush using a non-abrasive cleaner, for example Formula 409 or Fantastik. Rinse with fresh water and wipe dry.	Ketchup Chocolate Coffee Tea Juice
<i>Healthcare</i> Clean the soiled area with a 10% solution of Household Bleach and water. It is important to rinse the cleaned area with fresh water after applying the bleach solution.	Blood Urine Betadine/ Iodine Disinfectant
<i>Difficult Stains</i> Clean the soiled area with 50% solution of Isopropyl Alcohol (Rubbing Alcohol) and water. It is important to rinse the cleaned area with fresh water after applying the alcohol solution.	Eye shadow / Mascara Lipstick Crayon Grease Mustard

NOTE: The use of commercial vinyl conditioners and protectants is NOT RECOMMENDED.

Do not let water sit on the material for an extended period of time, as this may leave a watermark.

The information in this cleaning guide refers to performance in specific tests conducted under laboratory conditions. This information is not a guarantee and does not relieve the user from the responsibility of the proper and safe use of the product and referenced cleaning agents.
